

Announcement for the 2nd Feed-to-Food Workshop

It is our pleasure to invite you to the 2nd Feed-to-Food Workshop titled

“EXTRUSION TECHNOLOGY IN FEED AND FOOD PROCESSING”

which will be held on 19 October 2010 in Novi Sad, Serbia.

The workshop will be organized within the frame of the
EC supported FP7-REGPOT-3 project
“Reinforcement of FEED-TO-FOOD Research Center at Institute for Food Technology
of the University of Novi Sad” (acronym FEED-TO-FOOD)

ORGANISERS - Project beneficiaries

This Workshop is a part of planned project activities for knowledge transfer at national and international level and also one of the main dissemination activities through which research potentials of the project participants will be presented to wider groups of researchers and other relevant role/players in the region. The main objectives and activities of FEED-TO-FOOD project will be presented. The new equipment purchased by the EU funding through this FP7-REGPOT-3 project will be demonstrated and future challenges for research & development in feed to food research area will be addressed.

It is expected that more than 100 participants involved in feed-to-food production chain from Serbia and abroad attend this Workshop.

KEYNOTE SPEAKERS

- **PROF. DR. MIAN RIAZ, TEXAS A&M UNIVERSITY, USA: “Role of Extruders in Feed and Food Industries”.**
- **ALEXANDRA KIRSHNER, IFF INSTITUTE, BRAUNSCHWEIG, GERMANY: "Liquid addition to feeding stuff powders in the main mixer".**
- **PROF. DR LESZEK MOSCICKI, UNIVERSITY OF LIFE SCIENCES, LUBLIN, POLAND: “Latest development in pet food and aqua feed technology”**
- **PROF. DR BOGDAN IEGOROV, ODESSA NATIONAL ACADEMY OF FOOD TECHNOLOGIES. UKRAINE: "Research and development in the field of feed technologies in Ukraine"**
- **DEJAN MILADINOVIĆ, OZREN ZIMONJA, FOR-TEK CENTER, NORWAY: “Influence of the Die design, Screw Speed and Filling Grade on the Bulk Density, Physical Quality and Output Rate of the Extruded Fish Feed**
- **CATALIN DRAGOMIR – IBNA Romania: “Improving rumen microbial proteosynthesis - a major tool to increase feeding efficiency in ruminants**
- **STOJANOVIC, B., GRUBIC, G., DJORDJEVIC, N., LEVIC, J., BOZICKOVIC, A: “Soybean and soybean products obtained by different technological processes in calves nutrition”**
- **MARIJA BODROŽA: “Effect of expanding on the chemical composition of Amaranthus sp. Grain”.**
- **RADMILO ČOLOVIĆ, RADE JOVANOVIĆ, ĐURO VUKMIROVIĆ, DUŠICA IVANOV, BOJANA KOKIĆ, SLAVICA SREDANOVIĆ, OLIVERA ĐURAGIĆ, JOVANKA LEVIĆ: “How does oil addition in main mixer influence physical properties trout feed”**

14th INTERNATIONAL SCIENTIFIC SYMPOSIUM ON FEED TECHNOLOGY “FEED TECHNOLOGY, QUALITY AND SAFETY”

It is also our pleasure to invite you to the 14th International Symposium on Feed Technology “FEED TECHNOLOGY, QUALITY AND SAFETY” which will be organized by the Institute for Food Technology, Research Center “Feed-to-Food”, and will be held from 19 – 21 October, in Novi Sad, Serbia at the same venue as the 2nd Feed-to-Food Workshop.

The successes of the previous symposiums allow us to believe that numerous international and national scientists will attend this Symposium as well and present research results in the field of feed science and technology. The program of the Symposium aims to present advances in feed technology, quality and safety. Papers by invitation will be presented in plenary sessions, while other papers will be presented as oral presentation or posters. Scientific Committee invites interested participants to submit up to 1-page abstracts, together with full papers, on one of the following topics, **by 30th August 2010**

- Feed processing and storage
- Feed raw materials and additives
- Feed and food analysis
- Feed quality and safety
- Animal nutrition
- Feed for health
- Quality of animal products
- Sustainable feed production

All papers will be peer-reviewed and, upon acceptance by the Scientific Committee, will be published in the Proceedings of the Symposium.

A dedicated area will be reserved for the leading companies in feed-to-food production chain for exhibiting their products. Companies that are planning to use exhibition space or other kinds of advertising activities, can obtain a detailed information by sending a request to: feedtofood@fins.uns.ac.rs.

Information on the Symposium, including instructions for poster and full paper preparation, is available at www.fins.uns.ac.rs.

Any additional information can be obtained from the Workshop and Symposium secretariat by e-mail to feedtofood@fins.uns.ac.rs

We indeed hope to welcome you in October 2010 in Novi Sad!

Your presence would contribute to the high quality of both the 2nd Feed-to-Food Workshop and the 14th International Symposium on Feed Technology.

Yours sincerely,

Dr Jovanka Lević,

Project coordinator: FEED-TO-FOOD

General secretary: 2nd Feed-to-Food Workshop and 14th Symposium on Feed Technology
